

Vice-Chancellor, Prof. Nazir Ahmad Ganai flagged off a contingent of 20 students representing Faculties of Agriculture, Veterinary Sciences, Forestry, Agri-engineering and Sericulture for 02 months overseas training to Asian Institute of Technology, Thailand. The programme is being conducted under NAHEP. The students are likely to have first-hand interaction with the Agriculture Research Ecosystem in Thailand. Vice-Chancellor while congratulating the selected students stated that this training would prove immensely beneficial for the professional as well as intellectual growth of the students.
